**RESPONSE TO RESTRICTION REQUIREMENT**

Dear Sir:

This Response is being submitted in reply to the Restriction Requirement dated August 19, 2002, relating to the above-identified application. Reexamination and Reconsideration of said application are respectfully requested.

**IN THE CLAIMS**

Please add claim 38 to the above-identified application before acting on the instant response.

38. (New) A video graphics display circuit, comprising:
- a memory maintaining video data having a first format and graphics data having a second format, wherein the memory allocated to the video data and the graphics data is based upon memory needs of the video data and the graphics data;
  - a video scaler adapted to receive the video data, wherein the video scaler scales video images in the video data based on a ratio between the video images in the first format and an output video image to produce a scaled video stream;
  - a graphics scaler adapted to receive the graphics data, wherein the graphics scaler scales graphics images in the graphics data based on a ration between the graphics images in the
